

**Limestone Township Supervisors Meeting  
March 4, 2025**

**Attendance: Teresa Haines, Donovan Imgrund, Stanley Bingaman, Brian Haines, Jen Colna, and Rich Himmelreich.**

Meeting opened at 6:30 this evening.

The Secretary/Treasurer Report:

Rich made a motion to approve the March minutes which was seconded by Brian. All in favor, motion carries.

Timesheets and bills were signed. Stanley requested a change to the timesheet format to list the actual clock hours as opposed to just the number of hours. Rich and Brian agreed that this would better reflect when the office was occupied as well as hours marked specifying work from home or duties performed outside the building.

Road master report: see attachment

Planning Commission Report: No new business or public comment.

Emergency Management Report:

February's list was presented for the 911 call responses in the Township. There were 18.

Code Enforcement:

One permit issued to Marvin Hoover for a barn addition.

Public Comment:

Stanley asked Jenna if she could look into whether or not to adjoining property owners could enter into a written agreement concerning building on the property setbacks. This is an established Ordinance so they may not have the authority to do so without the Township granting a waiver through a majority vote.

Jen Colna asked if signage could be put out on the road to inform traffic coming into New Berlin that there is major construction under way on both sides of the road and large trucks going in and out. Teresa will Contact Charles Axtman to have him notify the construction crews at New Berlin Storage facility and Homestead Heights that they should put out the proper signage for traffic.

New Business: Should there be someone appointed to investigate and report on Ordinance violations?

Teresa requested making the responsibility hers and increasing her hours to reflect a more well-rounded job reflecting the increased growth in the township over that last few years and inquire into employee insurance for all employees as an incentive to get the help the township needs. The Township office could have more public office hours and allow business to flow more smoothly.

The Supervisors felt there was not enough work to make Teresa a full-time employee and instead Rich made a motion which Brian seconded asking Teresa to write up an ad for an assistant secretary to work Monday thru Wednesday 8:30-4:30pm at a rate of \$15 per hour.

Unfinished Business:

Stanley asked about the progress made on finding the Stormwater maintenance agreement with Dollar General. Teresa could not find any signed agreement in the file so she is going to contact the Recorder of Deeds Office to find the recorded copy and have it sent over to the Township.

The Agriculture Securities Agreement for Paul Hetrick was signed and notarized. Jenna will have it recorded.

Executive Session:

Meeting adjourned at 7:50.

Next meeting: April 1, 2025

Respectfully submitted,

Teresa Haines

Secretary
